

Prohibited and Restricted Products List

Date released: December 21, 2023

The list below sets out products and services that the Merchant cannot offer for sale or sell in connection with AMS. It is compiled based on AUS’s assessment of Relevant Laws, Scheme Requirements, exposure to Chargebacks, Refunds and fraud risks, adverse reputational impact and potential costs in providing AMS to the Merchant for the relevant categories of products and services.

If AUS agrees to provide AMS to the Merchant for a particular product or service category, it is not and should not be interpreted a warranty or opinion of AUS that such product or service complies with Relevant Laws or Scheme Requirements. The Merchant is and remains solely responsible for ensuring that its sale of products and services comply with Scheme Requirements and Relevant Laws in its country of origin and the countries in which the Users are located (and acknowledges that the list below does not set out all products and services that are so restricted).

This list may be updated from time to time by AUS at its sole discretion, by providing notice to the Merchant, where needed to ensure compliance with Relevant Laws, Scheme Requirements and to prevent high levels of Chargebacks, reputational risks and/or to reduce exposure to potentially fraudulent or illegal Transactions.
